

Smoke In My Eyes

Thaiboy Digital

I can't stand up, I'm so clean I could die
And I feel like the sky
Can see you in my eyes
I've been lonely for life
I got smoke in my eyes
I'm so high I have to close my eyes
I got smoke in my eyes
So I have to close my eyes
I got smoke in my eyes
So I have to close my eyes
I got smoke in my eyes

Facing my real life, do it for real
I regret all my mistakes, forgive me I did them
So high I can't feel
Lying for my own sake, sorry for me
Please forgive me for my dark side
I'm so high I have to close my eyes
On my life I hate snitching
Take me back baby
I'm so high for my whole life

I got smoke in my eyes
I'm so high I have to close my eyes
I got smoke in my eyes
So I have to close my eyes
I got smoke in my eyes
So I have to close my eyes
I got smoke in my eyes
