I still believe in your eyes
I just don't care what you've done with your life
Baby, baby, no, we don't want sin
Ain't nobody left with us
You can do whatever you want
Just don't fuck up my fun
I'm on fire
Take me higher (Oh, oh)
I know what you want is how I feel inside
You can tell me everythin', I'm down to ride
Changing like a dragonfly, I'm down to fly
I still believe in your eyes
I just don't care what you've done in your life

Thaiboy Digital, true love, unconditional
This life is a miracle (Thaiboy)
'Cause we the one, we the one, we the one
Thaiboy Digital, true love, unconditional
This life is a miracle (Thaiboy)
All love is possible
'Cause we the one, we the one, we the one (Yeah)
One, one, one, one, one, one (Yeah, yeah, yeah)
'Cause we the one, one, one, one, one, one, one
