

Trilogy life, on my third now (Thaiboy)
All my gear blow, all my numbers blow
How I switch lanes, how I'm runnin' 10 thou
How I get this money?, Never worked for 1 hour (Thaiboy)
Never work by any mean, but always bein' flex
GTBSG Sad boys us boys always gettin' shit (Thaiboy)
Never work by any mean, always bein' flex
GTBSG Sad boys us boys always gettin' shit (Thaiboy)

I've been gone
I wear designer from the start
Ball so hard
They say that I gon' be a star

Jet lag coolin', smokin' jet pack
Prada neck tag, ECCO, how you get that?
Sacrifice my money, get the check back
Bitch I'm with the S Gang, tryna turn the air black
Jet lag coolin', smokin' jet pack
Prada neck tag, ECCO, how you get that?
Sacrifice my money get the check back
Bitch I'm with the S Gang, tryna turn the air black

Blood moon tonight, will I make it out alive?
I'm after the check now, silver blessings drippin' down
Razor in my crown, all designer on me now
Link up with the Drain Gang, they never love me now...

I've been gone
I wear designer from the start
Ball so hard
They say that I gon' be a star

GTB boy, SG boy

Bury you under snow

Pull up in clubs, keep it on the low
Young Thaiboy I be losin' all control
Black goggles on and so
Shootin' for the dream, Glo Gang in your home
I don't wanna follow, I just wanna tower
Pull up in the Audi call me legend Howard
