

Sugar Rush

Thalía

Every morning is a new race
Every day a new bump is on the way
Trying hard to see the finish line
But the road's still hard from time to time

I need something sweet
Something on the menu gave
I need to forget what's causing?
If you wanna come ride with me
Hold my hand
S-U-G-A-R jump into your racing car
It's sugar rush, sugar rush
S-U-G-A-R jump into your racing car
It's sugar rush, sugar rush

If you feeling sad and blue today
Don't forget tomorrow's another day
Better laughing hard and dance in love
Better kiss away other thing you have

I need something sweet
Something on the menu gave
I need to forget what's causing?
If you wanna come ride with me
Hold my hand
S-U-G-A-R jump into your racing car
It's sugar rush, sugar rush
S-U-G-A-R jump into your racing car
It's sugar rush, sugar rush

Don't get burning, wash away your tears
Get rid off your fears
There's something sugar rush in your heart?
S-U-G-A-R jump into your racing car
It's sugar rush, sugar rush
S-U-G-A-R jump into your racing car
It's sugar rush, sugar rush
