

The Plight Of Average American

Thalidomide

Do you fucking get it?

Welcome to witness a new age,
the dawn of new American century,
rule of elite minority.
One state, one god, one destiny!

I wouldn't be glad to be you.
I wouldn't be pleased to be you.
I wouldn't be glad, if I were you - American!

Now tell me, where do we go from here?
What are we going to do?
Stand aback and let the time pass by
or prevent foreign mistakes from being repeated here?

"The main aim of The Project for the New American Century is American
global leader ship, which is good both for America and for the world
.

I pity you, poor American

Now no neighborhood is safe
from big brother's restless eyes.
They monitor our mails, our calls,
they know our thoughts, our desires.

I wouldn't be glad to be you.
I wouldn't be pleased to be you.
I wouldn't be glad, if I were you - American!

Now tell me, where do we go from here?
What are we going to do?
Stand aback and let the time pass by
or prevent foreign mistakes from being repeated here?

"Fed lies since the day you were born. The propaganda is your daily b
read. There's no hope of resistance when since you're born, you're pr
actically brain dead."

I pity you, poor American

You're going through
Assimilation of the whole nation
Annihilation of human dignity...

I wouldn't be pleased to be you,
if I were a fucking average American.
I wouldn't be pleased to be you,
if I were you, man!
