

## The Give

### Thao & The Get Down Stay Down

Who will run my family business?  
I leave it mostly unfinished  
Why, why can't I?

My oldest is getting married  
My youngest can barely bare me  
Alive, live, live, live

Oh, sweet girl, remember this:  
The saddest ones cannot resist  
They'll keep you if you fall for it  
But I promise they will never notice

A-ha  
A-ha  
A-ha  
A-ha

Now I am a gentleman, a gentleman  
I taught you how the water moves  
Of course I love you a little bit, a little bit  
And that does more than I can do

What gives? Give it to me  
What gives? Give it to me  
What gives? Give it to me  
What gives? Give it to me

I admit everything you know  
An aimless man with places to go  
Again, again

Oh, sweet girl, remember this:  
The saddest ones cannot resist  
They'll keep you if you fall for it  
But I promise they will never notice  
A-ha

What gives? Give it to me  
What gives? Give it to me  
What gives? Give it to me  
What gives? Give it to me
