Rockstar

that dog.

Could you sign my guitar?
Can I take a picture with a rock star?
Your face wallpapers my walls
Here's my number when you're in town give me a call

I know I don't know you, but I'm in love
The bad reviews kills me 'cause I know what you're made of
I have ten copies of you on the cover
When I went to see you, got a ride from my mother

Your CD singles comfort my ears
Your unplugged songs bring me to tears
I see your video in my dreams
Can I shake your hand? You're totally supreme
