that dog.

Part of this is waiting
Part of this is baiting you
Part of this is parting us
Part of this is this part of you

Part of this is faking
Part of this is waking you
Part of this is breaking us
'Cause part of this is this part of you

Part of this is somewhere
Part of this is wondering
Part of this is parting this
Part of this is this part, part of this is this part
Because part of this is parting this with you
