

## Bad Vibes

### That Handsome Devil

Hustle and bustle  
Cut through the muscle  
Run through the puddles, tunnels and tunnel  
Hustle and bustle  
It bubbles the blood  
And it cuts through the muscle  
I'm not trying to be overtly sexual or commercially successful  
But Mercury's in retro

I said "Oh Gosh-golly you should call your pops probably"  
"Or get the cops on me"  
I said "Oh Gosh-golly you should call your moms probably"  
"Or maybe get the cops on me, heh"

Get a crystal for the bad vibes  
Get a pistol for the bad guys  
This ain't nothing new  
I ain't scared of you  
Get a crystal for the bad vibes  
Get a pistol for the bad guys  
This ain't nothing new  
(Pew pew pew!)

Well it ain't the first time that I felt like this  
In a hallway and it smelled like piss  
There's some little pieces of myself I miss  
Well they say punk is dead  
Get a new pair of dunks instead  
She says she know my kind and she wanna know my sign

I said "Oh Gosh-golly you should call your pops probably"  
"Or get the cops on me"  
I said "Oh Gosh-golly you should call your moms probably"  
"Or maybe get the cops on me, heh"

Get a crystal for the bad vibes  
Get a pistol for the bad guys  
This ain't nothing new  
I ain't scared of you  
Get a crystal for the bad vibes  
Get a pistol for the bad guys  
This ain't nothing new  
(Pew pew pew!)

It's draining explaining it's changing  
But I'm not complaining  
It's draining explaining it's changing  
While doing the same thing

It's draining explaining it's changing  
But I'm not complaining  
It's draining explaining it's changing  
While doing the same thing

Get a crystal for the bad vibes  
Get a pistol for the bad guys  
This ain't nothing new

I ain't scared of you  
Get a crystal for the bad vibes  
Get a pistol for the bad guys  
This ain't nothing new  
(Pew pew pew!)
