

## Becky's New Car

## That Handsome Devil

Becky got a new car  
With her name on the plate  
Lyin' there dead  
With the rain on her face  
The clouds have never met me  
But I will meet them when I'm ready

Daddy's goin' crazy  
He just stays in the house  
But he don't do nothin'  
Nah he just lays on the couch

And Mama, she's gonna leave him  
She can't do it alone  
Their everything is changing  
Without you in the home

The clouds have never met me  
But I will meet them when I'm ready. Girl

Becky got a new car  
With her name on the plate  
Watchin' the clouds  
While she's fadin' away  
But sometimes it's beautiful  
And sometimes it rains. Yeah

Sometimes sun shines and chase my clouds away  
I don't think I'm going out today  
Sometimes sun shines and chase those clouds away  
I don't think I'm going out today

Becky got a new car  
With her name on the plate  
Lyin' there dead  
With the rain on her face  
But sometimes it's beautiful  
And sometimes it rains. Yeah

If I was faster, if I was stronger, if I was smarter  
I would have stopped her  
If I was faster, I was stronger, I was smarter  
I would have stopped her

If I was faster, I was stronger, how much longer  
Will we suffer?  
You can't have her  
We still love her
