

# Chicken Claw

## That Handsome Devil

One day my Papa was fixin' cars  
He used to tell stories and I'd listen hard  
He said "I don't know much about Egyptian Gods  
But you can get you a wish off a chicken claw"

Well, me and my Mama used to sit in bars  
She'd get to drunk drinks and I'd sit and watch  
I seen it was missin' from the kitchen drawer  
Mama got to get to wishin' on a chicken claw

When you keep on wishin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

When you keep on talkin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

Well, I went out late to the chicken farm  
To get me a chicken worth wishin' on  
I brought it back home and I rinsed it off  
Mama got to get to wishin' on the chicken claw

Now right there by the extension chord  
In the cabinet in the kitchen in a mixin jar  
No one listens to you wishin' at all  
Except the twisted old fingers of the chicken claw

When you keep on wishin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

When you keep on prayin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

Now right there by the extension chord  
In the cabinet in the kitchen in a mixin jar  
No one listens to you wishin' at all  
Accept the twisted old fingers of the chicken claw

When you keep on wishin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

When you keep on talkin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

When you keep on wishin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah

When you keep on talkin' but ya don't do nothin'  
If you wanna move up then you gotta move somethin', ah  
Move somethin', ah
