

## Date Rape U

That Handsome Devil

Welcome to Date Rape U  
And time-honored institution publicly funded by tuition and contributions from you  
The listener (it's Date Rape U)

Whether willing or unwilling, we are all participants  
Some ambitious and some more ambiguous  
With a banal indifference (to Date Rape U)

Institutionalized, indoctrinated racism and misogyny  
But you've got to pay to play, it's not for free  
In fact it's how we run our whole economy

It's the story of a nation and the glory of civilization  
You'll get all the details and orientation  
Yes, there are antics on our campuses, but let's not get caught up in semantics, wink

Future presidents and doctors are going to Date Rape U  
Celebrities and rockstars are going to Date Rape U  
Police and politicians are going to Date Rape U  
All races and religions are going to Date Rape U

Yes, with the proper allocation of labor, race, gender  
Birth right and financial entitlement  
We have carved out the foundation  
Where soon everyone successful will be going to Date Rape U
