

# Hoodlum

## That Handsome Devil

School brought out a violent streak  
In the office a couple times a week  
Emotional, got flustered every time he tried to speak  
When things at home are tough  
You can't contextualize the meaning  
So to exercise your demons  
Sometimes you jeopardize your freedom

Well, we hang out on the corners like some fucking street signs  
And when we pose in pictures we don't make no peace signs  
Well, we hang out on them corners like some fucking street signs  
We knew we wouldn't live forever but we would be fine

Well, you got yourself a new gun  
(Got yourself a new gun)  
But you swore you'd never shoot one  
(Swore you'd never shoot one)  
Now they calling you a hoodlum  
(Calling you a hoodlum)  
Somebody fired some shots, somebody called the cops  
Now you're just another kid in a box

The young bloods all got something to prove  
And nothing to lose  
The OGs all got something to lose  
And nothing to prove  
Well, the young bloods all got something to prove  
And nothing to lose  
And the OGs all got something to lose  
And nothing to prove

Well, we hang out on the corners like some fucking street signs  
And when we pose in pictures we don't make no peace signs  
Well, we hang out on them corners like some fucking street signs  
We knew we wouldn't live forever but we would be fine

Well, you got yourself a new gun  
(Got yourself a new gun)  
But you swore you'd never shoot one  
(Swore you'd never shoot one)  
Now they calling you a hoodlum  
(Calling you a hoodlum)  
Somebody fired some shots, somebody called the cops  
Now you're just another kid in a box

Hold your tongue or hold your gun  
Shoot off your mouth but never loaded one  
Hold your tongue or hold your gun  
Shoot off your mouth but never loaded one

Well, you got yourself a new gun
