Let me in  
Let me in

Your misplaced aggression is gaining no momentum  
Let me in  
Let-let me in

Some dream of the ocean  
But we all die on the rocks  
(Death on the rocks)  
Some dream of the ocean

Some dream of the ocean  
But we all die on the rocks  
(Death on the rocks)  
Some dream of the ocean

So whisper sweet nothings  
Of sugar and dumplings  
I'm lusting for something  
So stop interrupting  
Unplug the sunbeams  
I don't want your company, tonight  
I need to believe it  
The warmth of convenience  
My eyes too uneven  
To see in between it  
But everything's alri-i-i-i
