

Smilin' With A Gun In Your Mouth

That Handsome Devil

Bottle spillin'
Floodin' floor
Can't get up to move
Phones are dead
Cut the cord
Alright guy, that's your cue

Lead me to the river
Push my head under
I will not drink from your water
I will laugh when I remember

Lead me to the river
Father, son and daughter
I will not drink from your water
I will laugh at you forever

After you dead, you runnin' around
Smilin' with a gun in your mouth

Oh, I gotta, oh, I need your water
Ay, I need-a, uh, I gotta water
Your oil in my water
Reshaping ourselves inside each other

Ay, I need-a, oh, I gotta water
Oh, I gotta, uh, I need your water
Your oil dancing in my water
Reshaping ourselves inside each other

Lead me to the river
Push my head under
I will not drink from your water
I will laugh when I remember

Lead me to the river
Father, son and daughter
I will not drink from your water
I will laugh at you forever

Whistlin' and diggin' a hole in the ground
Smilin' with a gun in your mouth
Watchin' TV alone on the couch
Smilin' with a gun in your mouth

Oh, I gotta, uh, I need your water
Ay, I need-a, oh, I gotta water
Your oil in my water
Reshaping ourselves inside each other

Oh, I gotta, oh, I need your water
Ay, I need-a, oh, I gotta water
Your oil dancing in my water
Reshaping ourselves inside each other

Now after you dead, you runnin' around
Smilin' with a gun in your mouth

Whistlin' and diggin' a hole in the ground
Smilin' with a gun in your mouth
