

Tonight

That Handsome Devil

(Tonight!) I'm gonna lose some friends
I'm gonna tell some people how I really feel
(Tonight!) I'm gonna start a fight
I'm gonna throw up
I'm gonna hate myself
(Tonight!) I'm gonna ruin everything, I'm gonna be out of line
I'm gonna speak my mind
(Tonight!) I'm gonna let the rain fall on my face
Let the cards fall where they all may, it'll all fall into place
(Tonight!) People are gonna tell me I have a crazed look in my eyes, that there's something different about me
And they're right!
(Tonight!) I'm having the time of my life
(Tonight!) I'm gonna let it all out, I'm gonna get down, I'm gonna burn this place to the ground!

Tonight!
Tonight!
Tonight!
Tonight!
Tonight! (I am going to recapture my essence as an animal in the wild)
Tonight! (I'm going to take agency over this sweeping uncontrollable feeling that I am but a blinking particle in a vast system of space dust!)
Tonight!
Tonight!
(I'm gonna be reborn!)

I'm gonna meet someone, I'm gonna fall in love
I'm gonna get thrown out of the club
I'm gonna write my name on the side of something
I'm gonna take pride in something
I'm gonna feel like I'm alive or something (Tonight!)
We'll fly, magic will happen
Space and time will unravel around me
There is no practice, rehearsal
There is no way to fix it then to edit it (Tonight!)
In everything! (Tonight!)
I'm going to lose a shoe wondering what the hell did I do (Tonight!)
I am going to break my phone, I'm going to wander through streets alone (Tonight!)
There isn't anybody here to tell me shit (Tonight!)
And I wouldn't listen if they did (Tonight!)
It's going to go down in the books whether it's Diaries or police Records some freaking books (Tonight!)
I'm going to hop some fences I'm going to jump some walls we been walk around with nothing tonight we're gonna have a war (Tonight!)

I ain't lettin' shit slide, you can run but you can't hide (Tonight!)

Tonight!
Tonight!
Tonight!
Tonight! (I'm ... what you about to learn!)
Tonight! (it's my turn!)
Tonight! (Hahaa!)
Tonight!
Tonight!
Tonight!
