The 101'ers

Letsagetabitarockin  
Why can't we do it tonight?  
Don't wanna go home still a-knockin'  
Tonight it wouldn't seem right  
My thirst is a bitch  
My side's got a stitch  
I'm ready to drop  
But I don't wanna stop

'Cause rockin' the the knocking  
Of the beating in my vein  
Is heightening the frightening  
So life don't seem the same  
Don't need the poking toking  
Of the snuff-it-stuff-it game  
To get a sheet of lightning  
For the inside of my brain

Letsagetabitarockin  
It's only rolling while we can  
I think I'm through with all the talking  
My tongue's been getting out of hand  
I tried everything  
To make my nerves sing  
Scientifically now  
If you wanna know how

'Cause rockin' to the knocking  
Of the beating in my vein  
Is heightening the frightening  
So life don't seem the same  
Don't need the poking toking  
Of the snuff-it-stuff-it game  
To get a sheet a lightning  
For the the inside of my brain

Letsagetabitarockin  
Just to hear my girl sigh  
Makes me jelly in the middle  
Better than any pill you buy  
My thirst is a bitch  
My side's got a stitch  
I'm ready to drop  
But I don't wanna stop

'Cause rockin' to the knocking  
Of the beating in my vein  
Is heightening the frightening  
So life don't seem the same  
Don't need the poking toking  
Of the snuff-it-stuff-it-game  
To get a sheet of lightning  
For the inside of my brain

Wow-wow-wow-wow!
