

Bagsy Not in Net

The 1975

Do you feel it? It started when you call me
I'm dealing, and then I'm really lonely
Trying, I like it
Leave me, this pain I feel, so violent

Do you wanna leave at the same time?
Do you wanna leave at the same time?
Do you wanna leave at the same time?

I'm reeling, I know that I'm appalling
But this feeling, it could be our calling
This feeling, it could be our calling
Not dying (Nope!), just lying
I see you, the moment, it's clear 'cause it's quiet

Do you wanna leave at the same time?
Do you wanna leave at the same time?
Do you wanna leave at the same time?
