

# Be My Mistake

The 1975

And be my mistake  
Then turn out the light  
She bought me those jeans  
The ones you like  
I don't want to hug  
I just want to sleep  
The smell of your hair  
Reminds me of her feet

So, don't wait outside my hotel room  
Just wait till I give you a sign  
'Cause I get lonesome sometimes

Save all the jokes you're going to make  
Whilst I see how much drink I can take  
Then be my mistake

I shouldn't have called  
'Cause we shouldn't speak  
You do make me hard  
But she makes me weak

And don't wait outside my hotel room  
Just wait till I give you a sign  
'Cause I get lonesome sometimes

And save all the jokes you're going to make  
Whilst I see how much drink I can take  
Then be my mistake
