

Guys

The 1975

I was missing the guys
In my rented apartment
You would think I'd have realized
But I didn't for quite some time
Started wetting my eyes
Cause I'm soft in that department
Right then I realized
You're the love of my life

The moment that you took my hand
Was the best thing that ever happened
The moment that we started a band
Was the best thing that ever happened
And I wish that we could do it again
It was the best thing that ever happened to me
It was the best thing that ever happened to me
It was the best that ever happened

I took a zut outside
In my coats secret compartment
I hear a song and start to cry
Pretend it's smoke that's in my eye
I don't know why I'm surprised
Cause we all shared one apartment
Man, they were the golden times
They were the best of my life

The moment that you took my hand
Was the best thing that ever happened
The moment that we started a band
Was the best thing that ever happened
The first time we went to Japan
Was the best thing that ever happened
And I wish that we could do it again
You guys are the best thing that ever happened to me
You guys are the best thing that ever happened to me
You guys are the best thing that ever happened...
