

Settle Down

The 1975

Soft sounds
Into the way that she wears her hair down
Coverin' up her face
And oh what a let down
And I don't seem to be having any effect now
Fallin' all over the place

And you're losin' your words
We're speaking in bodies
Avoiding me and talkin' 'bout you
And you're losin' your turn
I guess I'll never learn cause I stay another hour or two

For crying out loud, settle down!
You know I can't be found with you
We get back to my house
Your words, my mouth
Now I just talk myself around you

Small town
Dictatin' all the people we get around
What a familiar face
Do you know what I mean now?
I'm so fixated on the girl with the soft sound
Her hair all over the place

And you're sure that I'd learn
I'm pushing through bodies
Avoiding me in walkin' round you
And you're cold and I burn
I guess I'll never learn cause I stay another hour or two

For crying out loud, settle down!
You know I can't be found with you
We get back to my house
Your words, my mouth
Now I just talk myself around you

A soft sound
Into the way that she wears her hair down
Coverin' up her face
Oh what a let down
I don't seem to be having any effect now
Fallin' all over the place

But you're loosin' your words
We're speaking in bodies
Avoiding in me and talkin' 'bout you
And your losin' your turn
I guess I'll never learn cause I stay another hour or two

For crying out loud, settle down!
You know I can't be found with you
We get back to my house
Your words my mouth
Now I just talk myself around you

For crying out loud
