

What Should I Say

The 1975

They're calling out your name
Must have been something you were saying
They're calling out your name, what should I say?
(Tell 'em the things that you told me)
They're calling out your name (Calling)
Must have been something in you changed
They're calling out your name, what should I say?
What should I say?

(Tell 'em the things that you told me) What should I say?
(Tell 'em the things that you told me)

What did you say? Tell 'em that all the people made me
What did you say? Tell 'em that [?] makes me crazy
What did you say? Tell 'em again, tell 'em that thing that you
told me
What should I say? (What should I say?)
What should I say? (What should I say?)

(Tell 'em the things that you told me) What should I say?
(Tell 'em the things that you told me)

They're calling out your name (Your name)
Must have been something you were saying (Have been something y
ou were saying)
They're calling out your name (Your name), what should I say? (
What should I say?)
(Tell 'em the things that you told me)
I sorta hate the fame (The fame)
Making sure that people won't change
I sorta hate the fame, what should I say? (What should I say?)

What should I say?
(Tell 'em the things that you told me) What should I say?

What should I say?
What should I say?
