

Leading Lady

The 502s

Let that platinum record play
Like it did last holiday
We both danced as Whitney sang

Who cares if anybody knows my name
Or if I get a star on the walk of fame?
I've never even been in a limousine
Turns out there's more important things!

I kinda like being your star
I kinda like you as my leading lady
I kinda hope you always are
And I hope you always are

I talked too much
When I first met you for lunch
And the nerves in my belly made my heart
Stop! Go! Stop! go!

Now I'm feeling like a king
Royalty, and you're my queen
Is this all just make believe?
Stop! Go! Stop! Go! Stop! Go! Stop! Go!

I kinda like being your star
I kinda like you as my leading lady
I kinda hope you always are
And I hope you always are

Felt like a scene I'd watch when my parents left the room
When you laid down next to me in bed last June
I still remember being tangled up in you
And in the morning, was the first time that I
Felt like I was falling in
As I could hear you calling me
And I remember thinking it
But trying not to feel it
Cause maybe, yes it's scaring me
You're everything I want, you see?
And I don't want to mess this all up

I kinda like being your star
I kinda like you as my leading lady
I kinda hope you always are
And I hope you always are
And I hope you always are

And I hope you always are
