

I was drowning in the midnight madness
When you came home round to me
Well I couldn't see it clear but you weren't there
You were deadlocked in your dreams
In your off-white leather chair
No tourniquet repair
Would you love me more if I swore by the stars
That I would never leave

I could tell you what you're running from
But I'd lie right through my teeth love
Cause I don't know where I'm headed
I don't know where I'm going
I don't know where I'll go
I said I'd never lie love
So don't ask me what I'm thinking of
Cause I don't know where I'm headed
I don't know where I'm going
I don't know where I'll go

I was drowning in the midnight madness
When you came home round to me
Well I couldn't see it clear but you weren't there
You were deadlocked in your dreams
In your off-white leather chair
No tourniquet repair
Could you love me more if I swore by the stars
That I would never leave

I could tell you what you're running from
But I'd lie right through my teeth love
Cause I don't know where I'm headed
I don't know where I'm going
I don't know where I'll go
I said I'd never lie love
So don't ask me what I'm thinking of
Cause I don't know where I'm headed
I don't know where I'm going
I don't know where I'll go

I could never lay you down in the midnight rambles
The outskirts of this town
I could never let you go
When you come around here with your old pure soul
And home, is where I'll be when the end comes near
And home, is where I'll go when you come around here

I could tell you what you're running from
But I'd lie right through my teeth love
Cause I don't know where I'm headed
I don't know where I'm going
I don't know where I'll go
And I said I'd never lie love
So don't ask me what I'm thinking of
Cause I don't know where I'm headed
I don't know where I'm going
I don't know where I'll go
