

When Did I Lose Your Love

The 5th Dimension

When did I lose your love?
Did it happen in a day?
How many tears did it take
To wash our laughter away?
When did I miss your smile
In the twinkling of an eye?
Seems you just arrived
And you were sayin' goodbye

There's a world of magic moments
I'm forever thinkin' of
But I can't remember when
No, I can't remember when
Darlin', can you tell me when I lost your love?

Was I somewhere in a dream?
Was I drifting in a daze?
How many roads did we wander down
'Til we found our own separate ways?

There's a world of magic moments
I'm forever dreamin' of
But I can't remember when
No, I can't remember when
Darlin', can you tell me when I lost your love?
