

Dead N' Gone

The 69 Eyes

She's down with playing Jesus
She's gonna meet a friend
I don't wanna stay here
Cause I know how this will end

She had another falling
She knows just what to do
Just like Sid and Nancy
I will be bleeding after you

D-D-Dead n gone
Like a sad song, baby hold on
D-D-Dead n gone
I can't play along, baby so long
D-D-Dead n gone

She's down with playing Jesus
She knows just what to do
I don't wanna stay here
I will be bleeding after you

D-D-Dead n gone
Like a sad song, baby hold on
D-D-Dead n gone
I can't play along, baby so long
D-D-Dead n gone
Like a sad song, baby hold on
D-D-Dead n gone
D-D-Dead n gone

Just to lay here enlightened
Just to hold it in
But if blood can lie then
I don't need your love

D-D-Dead n gone
Like a sad song, baby hold on
D-D-Dead n gone
I can't play along, baby so long
D-D-Dead n gone
Like a sad song, baby hold on
D-D-Dead n gone
I can't play along, baby so long
D-D-Dead n gone
I cannot stay I cannot play along
D-D-Dead n gone
It's all gone wrong just like a sad song
D-D-Dead n gone
Why do we stay? Why do we play along?
D-D-Dead n gone
It's all gone wrong just like a sad song
D-D-Dead n gone
D-D-Dead n gone
