

Perfect Skin

The 69 Eyes

You've got a perfect skin
With a devil's grin

Say hello to the pretty eyes
Say hello to the deadliest lies
You've got the looks
Baby I could die
You've got the looks
You've got a murder style

You can't keep me waiting forever, baby
(Your skin, perfect skin)
It's getting hard
Who's gonna rescue me
Nothing here
You've got a perfect skin
With a devil's grin

Say hello to the pretty eyes
Say hello to perfect alibies
Shake your hips
Baby I could die
You shake your hips
You've got an L.A. style

You can't keep me waiting forever, baby
(Your skin, perfect skin)
It's getting hard
Who's gonna rescue me
Nothing here
You've got a perfect skin
With a devil's grin
You've got a perfect skin
Lies like sin
