The 69 Eyes

I saw your eyes up on the sky
Thought about the night you cannot deny

I've got a rose in my heart for you
I've got a rose in my heart for you

I saw your eyes up on the sky
Thought about the night you never said goodbye

I've got a rose in my heart for you
I've got a rose in my heart for you

And I'm alive
I'm God's favorite
And I'm an angel
The purest you've ever met

Pitchblack

I saw your eyes up on the sky
Thought about the night you killed the light

I've got a rose in my heart for you
I've got a rose in my heart for you

And I'm alive
I'm God's favorite
And I'm an angel
The purest you've ever met

Pitchblack

I've got a rose in my heart for you
I've got a rose in my heart for you

And I'm alive
I'm God's favorite
And I'm an angel
The purest you've ever met
