

## The Chair

The 69 Eyes

Just walk  
Away from these dreams  
And talk  
The pain what it seems  
Angel of my revelation  
I don't really wanna let you  
Walk  
Away from these dreams

You gotta turn it all over  
You gotta turn it all over  
All over again

Kick the chair right down under me  
Leave me hanging alone in misery  
Kick the chair right down under me  
Leave me hanging alone in misery

Just walk  
Away from these dreams  
And talk  
The pain what it means  
Angel of my revelation  
I don't really want to hurt you  
So walk  
Away from these dreams

You gotta turn it all over  
You gotta turn it all over  
All over again

Kick the chair right down under me  
Leave me hanging alone in misery  
Kick the chair right down under me  
Leave me hanging alone in misery

Misery has gone
