

Fleshwalker

The Absence

Mutation awakens across my skin
As flesh unfolds deformed
Severance befalls in shock and awe
Twisting and adorned

So swell in rage
Bare and befouled
Behold flesh walker
You're making my skin crawl

Fleshwalker
You're Making my skin crawl

In the torment of your impaling voice
Silence now condones
Indignant to your inability
To relate in rational tones

Now swell in rage
Bare and befouled
Behold flesh walker
You're making my skin crawl

Fleshwalker - Making my skin crawl
Fleshwalker - A plague unto us all
Fleshwalker - You're making my skin crawl

Connections defleshed skinless in seconds
Devoid of all feeling
Watch as my flesh weeps off the bone
Porous and peeling

I delaminate
Bare and befouled
Behold flesh walker
You're making my skin crawl
