

Different

The Academic

I wait up, to see your face
I've had enough
And now I'm out of the race

We both went wrong
Aha ha, aha ha

She said I want you
I want you
I want you
I know that you're different
Aha ha, aha ha

Taking your clothes off
Cause you're comfortable in my room
Trying to hold off
While I hold onto you

We both went wrong
Aha ha, aha ha

She said I want you
I want you
I want you
I know that you're different
Aha ha, aha ha

She said I love you
I love you
I love you
I love that you're different
Aha ha, aha ha

I know that you're different
Oh, I, I know that you're different
Aha ha, aha ha
Aha ha, aha ha
Aha ha, aha ha
Aha ha, aha ha

I want you
I want you
I want you
I know that you're different
Aha ha, aha ha

I love you
I love you
I love you
I love that you're different
Aha ha, aha ha

I know that you're different
I know that you're different
There's a hurricane of roses on my back
Hands on the dashboard don't look back
There's a hurricane of roses on my back
