

# Sometimes

The Academic

Give me a call sometime  
If you don't I'd call you every night  
So she's got a lot to say  
For Saturday nights getaway  
And don't try and play it cute  
It's been a long, long road to 22  
So text me when you get in  
And can you hide another sin?

She said sometimes  
You're gonna get what you're looking for  
But not all the time  
And can you let this slip  
Come on I'll let this slip

Sometimes, sometimes  
You gotta let it go  
Sometimes, sometimes  
You don't wanna know  
Sometimes, sometimes  
You gotta laugh it off  
Sometimes, alright  
Oh, oh, oh

I'm trying to take it back  
For Sunday mornings heart attack  
Not a single word was true  
I can't believe I nearly fell for you  
So, pour me another coffee  
It's a long, long road to drive  
And honey would you mind, awfully  
If we let this slip  
Come on I'll let this slip

Sometimes, sometimes  
You gotta let it go  
Sometimes, sometimes  
You don't wanna know  
Sometimes, sometimes  
You gotta laugh it off  
Sometimes

Sometimes, sometimes  
You gotta let it go  
Sometimes, sometimes  
You don't wanna know  
Sometimes, sometimes  
You gotta laugh it off  
Sometimes

She won't apologize  
Till she knows where you've been  
But she said all the time  
Can you let this slip  
Come on I'll let this slip

Sometimes, sometimes

You gotta let it go  
Sometimes, sometimes  
You don't wanna know  
Sometimes, sometimes  
You gotta laugh it off  
Sometimes

Sometimes, sometimes  
You gotta let it go  
Sometimes, sometimes  
You don't wanna know  
Sometimes, sometimes  
You gotta laugh it off  
Sometimes

Said give me a call sometime  
If you don't id call you every night  
And don't try and play it cute  
Its been a long, long road to 22
