

What's Wrong With Me

The Academic

If I had my way then I would be over you
But there's nothing I can do
Cause I'm stuck like glue
If I joined the dots then maybe I'd have a clue
But I'm more likely to miss your point of view

So I keep asking myself

How do I end up in these situations with no control?
How do I end up pretending and faking? I love it though
I don't know, does anyone know what's wrong with me? (What's wrong with me?)
I'm hearing the signals it couldn't be clearer in stereo
I'm not really there in your life to be fair, I'm a cameo
I don't know, does anyone know what's wrong with me? (What's wrong with me?)

Blowing in the wind
I float like a paper bag
Oh I'm never coming back
It's sad but it's true
Separating, accelerating the good and bad
It's the simple life I've had
Now that's in review

How do I end up in these situations with no control?
How do I end up pretending and faking? I love it though
I don't know, does anyone know what's wrong with me? (What's wrong with me?)
I'm hearing the signals it couldn't be clearer in stereo
I'm not really there in your life to be fair, I'm a cameo
I don't know, does anyone know what's wrong with me? (What's wrong with me?)

What's wrong with me, what's wrong with me
What's wrong with me, what's wrong with me
What's wrong with me, what's wrong with me
What's wrong with me, what's wrong with me

How do I end up in these situations with no control?
How do I end up pretending and faking? I love it though
I don't know, does anyone know what's wrong with me? (What's wrong with me?)
