

# Fake Nice

The Aces

You never say  
Anything that I need to  
That I need to hear  
Yeah I could stay  
Participate in the bullshit  
Or get out of here

All you do is take take take take take  
Like a river swallow up who's in your way  
All you do is talk talk talk talk talk  
Really thinking that it won't get back to me

Oh you know how to win them over but not this time  
And if they ask, I'll be honest, say what's on my mind

Oh she's so fake nice  
Oh she's so fake nice  
You had me sympathizing  
But oh you're so fake nice

Oh I'm naive  
If I wanted simplicity why'd I move to the city  
I never was trying to get anything from ya  
Guess that makes one of us

All you do is take take take take take  
Like a river swallow up who's in your way  
All you do is talk talk talk talk talk  
Really thinking that it won't get back to me

Oh you know how to win them over but not this time  
And if they ask, I'll be honest, say what's on my mind

Oh she's so fake nice  
Oh she's so fake nice  
You had me sympathizing  
But oh you're so fake nice

Say it wasn't intended  
Looking me in the eyes  
Like you're gonna get away with this  
But I don't have the time, babe

Say it wasn't intended  
Looking me in the eyes  
Like you're gonna get away with this  
But I don't have the time, babe

Oh you know how to win them over but not this time  
And if they ask, I'll be honest, say what's on my mind

Oh she's so fake nice  
Oh she's so fake nice  
You had me sympathizing  
But oh you're so fake nice

She's so fake nice

Oh she's so fake nice
