

Have sex in the middle of a fight  
Still with her, but you don't know why  
Wake up in the middle of the night  
Drank too much, and you kinda wanna die  
But we're all just that person sometimes  
But we're all just that person

Blackout, I said that I'd try  
But feelings don't die, you just get a little older  
Lost time on the passenger side  
A life that's not mine and I couldn't feel lower  
I wish I was better than this, oh  
I wish I was better

Blackout, I said that I'd try  
But feelings don't die

Have sex in the middle of a fight  
Still with her, but you don't know why  
Wake up in the middle of the night  
Drank too much, and you kinda wanna die  
But we're all just that person sometimes  
But we're all just that person sometimes

Sundown, I'm closing my eyes  
But nothing seems right, I'm not getting any younger  
How come at the age of twenty-five, nothing makes me feel alive?  
Like surrendering my peace of mind  
I wish I was better than this, oh  
I wish I was better

Blackout, I said that I'd try  
But feelings don't die

Have sex in the middle of a fight  
Still with her, but you don't know why  
Wake up in the middle of the night  
Drank too much, and you kinda wanna die

But we're all just that person sometimes  
But we're all just that person sometimes

Have sex in the middle of a fight  
Still with her, but you don't know why  
Wake up in the middle of the night, yeah  
You drank too much, and you kinda wanna die, oh yeah  
But we're all just that person sometimes

Na, na, na, na, na, na, na  
Na, na, na, na, na, na, na
