The Aces

So stop  
Saying it's unnecessary  
To feel this way  
So stop  
Acting like it's esoteric  
To feel this way

Call it how it is  
I know that I'm hard to deal with  
A couple of suffering significants  
Know we got our differences  
Call it how it is  
I know that I'm verging on a masochist  
And this feeling's getting kind of scary

Wake up from a dream  
Where you're screaming at me  
You stay sound asleep  
I stay awake solo  
Don't know what I don't know  
Never seen this side of you though  
You stay sound asleep  
I stay awake solo

(I stay awake solo  
Stay awake solo, stay awake, stay awake  
I stay awake solo  
Stay awake solo)

So long  
Long gone are the days when we were  
One in the same  
At least I can admit it  
You're apathetic  
Let it go  
Can't let it go  
Oh, yeah

Call it how it is  
I know that I'm hard to deal with  
A couple of suffering significants  
Know we got our differences  
Call it how it is  
I know that I'm verging on a masochist  
And this feeling's getting kind of scary

Wake up from a dream  
Where you're screaming at me  
You stay sound asleep  
I stay awake solo  
Don't know what I don't know  
Never seen this side of you though  
You stay sound asleep  
I stay awake solo

(I stay awake solo  
Stay awake solo, stay awake, stay awake

I stay awake solo  
Stay awake solo)

(I stay awake solo  
Stay awake solo, stay awake, stay awake  
I stay awake solo  
Stay awake solo)

(Wake up and)

(I stay awake solo)
