

Stroke

The Aces

It gets me off, it drives me crazy
When you get down on your knees and praise me
And it turns me on to hear you say it
Everything about me, so amazing

You said it before, I wanna hear it again
Tell me who don't love a compliment
I'm not insecure
Or at least I pretend
Need a girl who keeps me confident

Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
My ego
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
My ego

Lay it on real thick, that's how I like it
'Cause you know how big my appetite is
Think of something quick, it's been too quiet
Need my daily fix, or I'll go find it

You said it before, I wanna hear it again
Tell me who don't love a compliment
I'm not insecure
Or at least I pretend
Need a girl who keeps me confident

Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
My ego
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
My ego

I know, I know
You said it before
But say it again
I'm the best you ever had
I know, I know
You said it before
But say it again

I'm the best you ever had

Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
My ego
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
Come on
Stroke, stroke, stroke
My ego

Come on, stroke my ego, babe
Come on, stroke my ego, babe
Come on, stroke my ego, babe
You wanna stroke my ego, babe
