

# All the Young Droogs

The Adicts

OK!

You're the future making history  
Kids will be kids and they will be what they'll be  
You are the young droogs, making friends making foes  
You are the young droogs, and that's how it goes  
All the young droogs rule ok  
All the young droogs rule ok  
OK!  
OK!

All the boys and the girls  
Gotta make the best of this world  
Gotta have faith gotta have trust  
Gotta help them out, you know that we must

All the young droogs show us the way  
All the young droogs rule ok  
All the young droogs rule ok  
OK!

na na na na na na  
oh yeah (2x)

All the young droogs rule ok  
All the young droogs rule ok  
OK!

A generation growing up fast  
Look to the future  
Don't forget your past  
In the streets and the shcools  
And the shows and the nails on the wall  
Let's keep it safe  
For all you guys and dolls

All the young droogs rule ok  
All the young droogs rule ok (3x)

OK! (3x)

All the young droogs rule ok (4x)

You're the future... (4x)
