

Popcorn

The Adicts

You're not much trouble
I've seen it before
We're off to the movies
We pay at the door

So it's all just make believe
And it's all that we can see

I've seen it before
It's all about war
And then i spell my popcorn
On the floor
It's all about sex and special fx
I got my monies worth tonight

Everyone's happy
Drinking cocoa in bed
Everyone's happy
With a hole in the head

So it's all just make believe
And it's all that we can see

I've seen it before
It's all about war
And then i spell my popcorn
On the floor
It's all about sex and special fx
I got my monies worth tonight

I've seen it before
It's all about war
And then i spell my popcorn
On the floor
It's all about sex and special fx
I got my monies worth tonight

I've seen it before
It's all about war
And then i spell my popcorn
On the floor
It's all about sex and special fx
I got my monies worth tonight

Is everyone happy
Drinking cocoa in bed
Is everyone happy
With a hole in their head

So it's all just make believe
And it's all that we can see

I've seen it before
It's all about war
And then i spell my popcorn
On the floor
It's all about sex and special fx

I got my monies worth tonight

I've seen it before

It's all about war

And then i spell my popcorn

On the floor

It's all about sex and special fx

I got my monies worth tonight
