

# Recall

## The Advent

[Intro]  
Ahhh, ahhh

[Verse 1]  
I'm seeing it all clear, I'm seeing it all  
Every moment, I got recall  
All the words I said, everything I allowed  
All of the highs points, and all of the downs

[Pre-Chorus]  
I can't believe I let you break me  
Can't believe I let you in

[Chorus]  
I should have walked, I should have left  
I should have never let it begin  
Let it begin

[Drop]  
Let it begin  
Ahhh, ahhh

[Verse 2]  
I'm seeing it all clear, I'm seeing it all  
I build you up while, you let me fall  
I always do this, it's not just your fault  
Had a hero complex, not anymore

[Pre-Chorus]  
Can't believe I let you break me  
Can't believe I let you in

[Chorus]  
I should have walked, I should have left  
I should have never let it begin  
Let it begin
