

# Forever and Always

The Afters

I wish I could take away the pain  
And pick up the shattered pieces  
I wish I could say it'll be okay  
But I don't have all the answers

I just know He is close to the broken hearted  
I just know He is close to the broken hearted  
Forever and always  
He'll never leave your side  
Forever and always  
He'll lead you through the hardest times  
Don't give up, you can know  
Everywhere that you go  
He is with you  
Forever and always  
Whoa, whoa  
Forever and always  
Whoa, whoa  
He is with you  
Whoa, whoa  
Forever and always  
Whoa, whoa

I wish I could walk this road for you  
And carry the weight You shouldered  
'Cause I am simply lost for words  
In silence I will share Your hurt

I just know He is close to the broken hearted  
I just know He is close to the broken hearted  
Forever and always  
He'll never leave your side  
Forever and always  
He'll lead you through the hardest times  
Don't give up, you can know  
Everywhere that you go  
He is with you  
Forever and always  
Whoa, whoa  
Forever and always  
Whoa, whoa  
He is with you  
Whoa, whoa  
Forever and always  
Whoa, whoa

For every moment of your life  
Through every smile and tear you cry  
Even when your heart will break  
When it feels like more than you can take  
Through every single sleepless night  
And every battle that you fight  
From now until the end of time

Forever and always, forever and always  
Forever and always, forever and always  
He is with you

Don't give up, you can know  
Everywhere that you go  
He is with you  
Forever and always, forever and always  
Whoa, whoa  
He is with you  
Whoa, whoa  
Forever and always  
Whoa, whoa  
He is with you  
Forever and always  
Whoa, whoa  
He is with you  
Forever and always
