

# Wake up My Heart

The Afters

Stop my world, slow it down for a minute  
Be my eyes, let me see why I'm in it  
And wake up my heart, wake up my heart for You

As I walk through the hills, and the valleys  
Be my feet, so I go where You want me  
And wake up my heart, wake up my heart for You

I wanna love, all the things that You love  
I wanna live, to see Your kingdom come  
I wanna see everything through Your eyes  
Through Your eyes

Won't You wake up my heart  
Wake up my heart for You, for You  
Wake up my heart  
Wake up my heart for You, for You

Tear down the walls, I keep building higher  
Come burn in me, like a wild fire  
Wake up my heart  
Wake up my heart for You, for You

Wash away all my doubt, like a river  
Come like a warm sunny day, in the winter  
And wake up my heart  
Wake up my heart for You

I wanna love, all the things that You love

I wanna live, to see Your kingdom come  
I wanna see everything through Your eyes  
Through Your eyes

Won't You wake up my heart  
Wake up my heart for You, for You  
Wake up my heart  
Wake up my heart for You, for You

Tear down the walls, I keep building higher  
Come burn in me, like a wild fire  
Wake up my heart, wake up my heart for You

I have been like a desert all dried up  
Come and pour over me like a raging flood  
I wanna love all the things that You love  
I wanna live to see Your kingdom come

Won't You wake up my heart  
Wake up my heart for You, for You  
Wake up my heart  
Wake up my heart for You, for You

Tear down the walls, I keep building higher  
Come burn in me, like a wild fire  
Wake up my heart  
Wake up my heart for You, for You

Wake up my heart  
Wake up my heart for You, for You
