

## Falling Out Of Love

The Age of Information

I standing face to face  
but a million miles apart  
and on any other day  
that love would hold me to your heart

How did we get so lost?  
how did love slip away?  
when this line we have crossed  
is taking me a different way?

When I see you now  
I pray the stars will change  
to take away the doubt  
and ease the pain  
of losing what we've made  
this is falling out of love

All the closets that we hide  
keep us safe from the unknown  
but what our trust would open wide  
can never be clothed

And I'll find you in the afternoon  
when all that's said is gone

When I see you now  
I pray the stars will change  
to take away the doubt  
and ease the pain  
of losing what we've made  
this is falling out of love

And I'm falling  
And I'm falling

When I see you now  
I pray the stars will change  
to take away the doubt  
and ease the pain  
of losing what we've made  
this is falling out of love
