

Blue, Blue Sky

The Alan Parsons Project

D **Bm** **F#m A**
I only know what I can see
D **Bm** **F#m A**
So I imagine what could be
Bm **D**
Where the horizon cuts the air
Dm **A**
Look for me out there
G **A** **D**
Someday, I'll touch the blue, blue sky
Bm
woo-ooo
G **A** **D Gm**
Someday, I'll touch the blue, blue sky

If I could kiss this earth good bye
And cruise the never - ending sky
Where the horizon cuts the air
Wait for me down there
Someday, I'll touch the blue, blue sky
woo-ooo
Someday, I'll touch the blue, blue sky
