

## Billy Dee

### The Alchemist

There are two rules to remember if you want to have a good time

Rule Number One: Never run out of Colt 45

Rule Number Two: Never forget Rule Number One

Bitches say I'm too smooth  
Trendsettin' since a little dude  
Nowadays I'm in a different mood  
I'm in it to win it, dunn, I can't lose  
Watch me work harder  
Think out of the box and be smarter (What up?)  
The loudest in the room, dunn  
They always recognize a grimy one (Haha)  
I talk like a pimp (Let's go, what up, ma?)  
My gun heavy, that's why I walk with a limp  
Need to chill out, I'm always tense (Uh-huh)  
40 a night, you on the bench (What up?)  
Hypnotize you with this deep voice  
Your bitch a slut, she got no choice  
Twin flyin' in the Rolls Royce  
See me stunt, I keep the chicks moist
