Cigarette Drum Machine

The Alchemist

- You swallowed that like a pill
- One two, one two, one two
- Tobacco — it's not a drum machine, I can enjoy it
- I'm used to a cigarette when on the drum machine
- You can't get this at the truck stop right here
- That, that's special, that's special
- It's like a leather-bound book
- I never, I never got my juice
- I hate sitting there...
- You guys remember standing
- I'm outta here
- One two, one two, one two, one two, one two, one two
- Thank you
- Would you con — would you consider this a mitzvah?
- This is the definition of a mitzvah
- Mitzvah
