Was young and I'll advised
Life of a street nigga

A penny saved is a penny earned, got a son that I gotta raise
It's his turn to turn up so I be, workin on my holidays
Tryna get that dollar made slappin blocks off the promenade

Me and Gianno on Holcolmb know we supply them thangs

He paid the cost to be the boss expensive as it was
See me and Mari innat Porsche that shit from sellin drugs
We from the real streets of Detroit where niggas play for keeps
Crimson yo' tide and take you down can't wash the stain with bleach
My OG Ali change my life was with them bottom feeders
Most of us ain't believe in God so we was robbin preachers

187 homicide, drugs on concreatures
Years later still fuckin bitches with my father's features
Rockin house pieces niggas know the vibes
You can ask my man he's a mind reader
Keep a 9 heater, all the time it's just how we ride
Meet up at the cemetery and get smoked out
Pass the weed nigga
This the anthem for real street niggas, aye
I had to sever ties
He took the stand and testified, for some lesser time
Was tellin Dutch to slow down, but he was pressed for time
Nevermind that shit with Des One, wish I could press rewind
My life was a game of spades, I won a 7 blind
Loso got sprayed with the K, like 47 times
Trill recognize trill, was young and ill advised
Lucky to be still alive, know its fuckin with niggas pride
Never been robbed in my life, couple a niggas tried
Last shootout you heard I had both of them niggas died
Hear niggas talkin down on blocks you know my nigga slide
