

Something Light

The Alchemist

Big Fat man like you, when they fall they make more noise
And sometimes they never get up

Yo, uh

My music is binge worthy, I been dirty
Three hours short of 10:30, Mercedes Benz swerving
And getting money like JG Wentworth I'm on a bread adventure ex
plicit, everything that I said is censored
Chain is the Prime Minister of Defense, The Rolex is Presidenti
al
Inside my head I'm mental, the hoes drench you when you play wr
ist
Stab you with a broken pencil and ship you back to whichever bo
zo sent you
Your body made a lot of noise when it dropped to the floor
Chalk up the score
They put a padlock on the safe house, we had to chop up the doo
r
Draped in a linen tux, smoke blowing out the air condition dust
Ice skating might do a spin and tuck with a triple toe lutz, I'
m going nuts
The speed I'm on
Somebody call Houston, we got a problem, it's a malfunction
Wild drunken, slumped on the couch the style sunk in
No need to harden up, I'm already rock
My competition might as well be opps
Check me and get a one way trip to the penalty box
I'm so relaxed my feet might as well be sitting in flip flops
Gaining momentum with every lap I might skip the pit stop
I perform like a scientist with the scalpel and the forceps
Throw the foul in the frying dish
Knock knock I'm at your doorstep
This is what you been waiting on, scoob and scrap with the danc
e steps
Fragile lights, what you skating on
Bubble hash, that was hand pressed
Double back get my shit straight
Running lights in the big wheel
Bubble wrap up a dinner plate
Something light, I'm a big deal
Something light, I'm a big deal
Something light, I'm a big deal
