The Alchemist

"When I do it on the seven seas, I get big boy, okay?
I wanna try to see it all"

"You can't control her
You've got to give yourself to her
She wants you to dance, sonny boy
You got to follow her lead"

Yo
I navigate like Ferdinand Magellan
I rock furs, fraternizin', Stone Island
Yacht master on the yacht
The watch batpized, take a dip
The crib four sides brick in Stone Mountain
I'm out in rough seas, I feel favor to smooth oceans
Never made a skilled sailor, my chick from Baylor
Suntan lotion, management consultant
I rock affairs like a sultan, it's spiritual, uh
Rockefeller oysters, smooth sailin'
BlueTooth some Van Halen
Michael Bolton, somersault in the salt water
I show devotion, convolute with the Lo
I'm flirtin' with the notion
The fly, Mercedes Benz wrap, sick of Red Bulls"
Prosecco, Percocets, ladies on both
Wavy, seven seas movin' like the navy
Diamonds dancin' like Alvin Ailey
Jude of Jameson, the Jameson I mix with Bailey's
Play the game like a ukelele
Swimmin' trunks paisley
Bandana, plant the fine print, you get shot
Tequila shots on the Stugots
You pussy

"For the captain, this is his second home [?]
They chatter endlessly on the radio [?]
He knows them well, their private lives and all their personal
feelings
And yet, he will hardly ever meet one of them face to face"
