Fallin' Apart

The All-american Rejects

Can somebody save me?
Cus I'm thinking maybe
That you can take me piece by piece
Then you got your reasons
But I didn't need them
And either way I'm on my knees yeah
You knew when I was wrong
You say that I'm deranged
I can see that you're uneasy and its not gonna change
And no matter how far

Wherever you go I'm crawlin
Either way you're breaking my heart
Wherever you go I'm crawlin
Even when we're falling
Even when we're falling apart

You say that you're leavin
Say that you don't need him
And ill I do is give and you just take
I guess that I knew it
I can't make it through it
But I'm gonna try this anyway

You knew when I was wrong
You knew that I'm deranged
I can see that you're uneasy and its not gonna change
And no matter how far
Wherever you

Wherever you go I'm callin
Even when you're breaking my heart
Wherever you go I'm crawlin
Even when we're falling
Even when we're falling apart
Yeah looks like were fallin apart

Anyone got it where the roses sleep
I can make you anything you wanna be
When my bodies close to me
I can give you anything you'd ever need

When I fall to the floor
Cuz I can't feel anymore
You can have my heart girl
You don't have to steal anymore
When I look to the stars
Wherever you are

Yeah wherever you are
Wherever you go I'm callin
Even when you're breakin my heart
Wherever you go im crawlin
Even when we're fallin
Even when we're fallin apart

Wherever you go I'm crawlin

Wherever you go I'm crawlin
Wherever you go I'm crawlin
Even when we're fallin
Even when we're fallin apart
Yeah I guess we're fallin apart
Yeah it looks like were fallin apart
Yeah I guess im fallin apart
